PARTICIPATING EMPLOYERS

The list of participating employers is available for inspection at the fund's registered office.

SCHEDULE B STATEMENT OF RESPONSIBILITY BY THE BOARD OF TRUSTEES For the year ended 31 December 2007

Responsibilities

The board of trustees hereby certify to the best of their knowledge and belief that, during the year under review, in the execution of their duties they:

- ensured that proper registers, books and records of the operations of the fund were kept, inclusive of proper minutes of all resolutions passed by the board of trustees,
- · ensured that proper internal control systems were employed by or on behalf of the fund,
- ensured that adequate and appropriate information was communicated to the members of the fund, informing them of their
 rights, benefits and duties in terms of the rules of the fund,
- took all reasonable steps to ensure that contributions, where applicable, were paid timeously to the fund or reported where necessary, in accordance with section 13A and regulation 33 of the Pension Funds Act in South Africa,
- · obtained expert advice on matters where they lacked sufficient expertise,
- ensured that the rules and the operation and administration of the fund complied with the Pension Funds Act in South Africa, the Financial Institutions (Protection of Funds) Act and all other applicable laws,
- ensured that fidelity cover was maintained. This cover was deemed adequate and in compliance with the rules of the fund, and
- ensured that investments of the fund were implemented and maintained in accordance with the fund's investment strategy.

Approval of the annual financial statements

The annual financial statements of Mineworkers Provident Fund are the responsibility of the board of trustees. The board of trustees fulfils this responsibility by ensuring the implementation and maintenance of accounting systems and practices adequately supported by internal financial controls. These controls, which are implemented and executed by the fund and/or its benefit administrators, provide reasonable assurance that:

- · the fund's assets are safeguarded;
- · transactions are properly authorised and executed; and
- the financial records are reliable.

The annual financial statements set out on pages 10 to 37 have been prepared for regulatory purposes in accordance with:

- the basis of accounting applicable to retirement funds in South Africa as indicated in the principal accounting policies contained in the notes to the annual financial statements on page 22 to 24;
- the financial rules of the fund; and
- the provisions of the Pension Funds Act in South Africa.

These financial statements have been reported on by the independent auditors, Ernst & Young Inc., who were given unrestricted access to all financial records and related data, including minutes of all relevant meetings. To the best of the board's knowledge and belief, all representations made to the independent auditors during their audit were valid and appropriate. The report of the independent auditors is presented on page 9.

These financial statements:

• were approved by the board of trustees on 15/07

are certified by them to the best of their knowledge and belief to be correct;

- fairly represent the net assets of the fund at 31 December 2007 as well as the results of its activities for the period then ended; and
- are signed on the board of trustees behalf by:

SCHEDULE D

REPORT OF THE INDEPENDENT AUDITORS TO THE BOARD OF TRUSTEES OF MINEWORKERS PROVIDENT FUND AND THE REGISTRAR OF PENSION FUNDS

We have audited the annual financial statements of Mineworkers Provident Fund, which comprise the report of the board of trustees, the statement of net assets and funds at 31 December 2007, the statement of changes in net assets and funds for the year then ended, and the notes to the financial statements, which include the principal accounting policies and other explanatory notes, as set out on pages 10 to 37.

Board of Trustees' responsibility for the Annual Financial Statements

The board of trustees is responsible for the preparation and presentation of these financial statements for regulatory purposes, in accordance with the basis of preparation applicable to retirement funds in South Africa, as set out in the notes to the financial statements. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on these annual financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the annual financial statements of Mineworkers Provident Fund for the year ended 31 December 2007 have been prepared, in all material respects, in accordance with the basis of preparation applicable to retirement funds in South Africa as set out in the notes to the financial statements.

Emphasis of Matters

Without qualifying our opinion, we draw attention to note 9.1 of the Report of the board of trustees.

Report on other legal and regulatory requirements

We draw attention to note 9.2 of the Report of the board of trustees, which sets out certain regulatory and rule contraventions by the fund.

Restriction on use

The financial statements are prepared for regulatory purposes in accordance with the basis of preparation indicated above. Consequently, the financial statements and related auditor's report may not be suitable for another purpose.

SCHEDULE E REPORT OF THE BOARD OF TRUSTEES For the year ended 31 December 2007

1. DESCRIPTION OF FUND

1.1 Type of fund

In terms of section 1 of the Income Tax Act, 1962 the fund is classified as a provident fund. The fund is a defined contribution fund.

1.2 Benefits

1.2.1 The main objective of the fund is to provide benefits for employees of the participating employers on their retirement and for the dependants of members who die in service. Upon retirement a member's share of fund is applied to purchase an annuity on behalf of a member from an insurer. However, a member can elect to commute the whole or a portion of the risk benefit of thirty six times of the monthly earnings of a member, the member will receive his/her share of fund plus a receive his/her share of fund. Where a member is permanently disabled he/she will receive their full share of fund. On addition, on the death of a member a benefit of 36 times his deemed monthly earnings is payable with the exception of Refiners. This benefit is partly self-insured. A retiring member has an option of taking his/her benefit as an annuity.

Funeral benefit cover is provided outside of the fund rules as follows, R 10 000 to a member on death while still in service, R 5 000 for spouse cover, cover continues for 12 months after retirement due to ill health or if death occurs within 12 months of leaving service.

The fund allows for members who exit before normal retirement age to remain in the fund as deferred pensioners. If such a member dies before retirement, he/she will receive only their share of fund and no re-insured benefit.

- 1.2.2 In terms of rule 38(1) of the rules of the fund, if a member does not claim his/her benefit within three years after leaving service, or when a member is a deferred pensioner and does not claim his/her benefit after three years of attaining normal retirement age, then the benefit shall be transferred to the Guardian's Fund or any Unclaimed Benefit Fund.
- 1.2.3 In respect of unclaimed benefits, complete records, as prescribed, are maintained as from 4 September 1989.

SCHEDULE E REPORT OF THE BOARD OF TRUSTEES (continued) For the year ended 31 December 2007

1.3 Contributions

1.3.1 Description in terms of the rules of the fund

Gold Mines:

The total contribution payable by and in respect of each member in the Gold Mines, who are subject to the wage Agreement 2005/6 concluded between NUM, United Association of South Africa, Solidarity and Chamber of Mines on 23 August 2005, shall be:

SCHEDULE E REPORT OF THE BOARD OF TRUSTEES (continued) For the year ended 31 December 2007

2. INVESTMENTS

2.1 Investment strategy

The primary investment objectives of the fund are to earn a net investment return (after investment management fees) which exceeds inflation as measured by the Consumer Price Index (CPI) by at least 4.0% per annum over any rolling 5-year period (This is equivalent to a gross investment return of some 5.0% to 5.5% per annum above inflation). Another primary investment objective is to earn the return in such a way that the member's benefits are not adversely affected by the market conditions ruling at the time of his/her exit. This implies that investment returns should not exhibit undue volatility from one year to the next. The fund reviewed its investment strategy and increased its target to inflation plus 4.5% effective January 2008.

A further investment objective of the fund is to invest a portion of the fund's assets specifically with the emphasis placed on social responsibility (SRI). The board of trustees is guided by the Growth and Development Summit in this regard and such a portion of the fund's assets will be invested in SRI shares subject to a minimum of 5%.

With these objectives in mind, the board of trustees has formulated an investment strategy whereby approximately 50% of the fund's assets are invested in a core portfolio with a focus on capital protection. The balance of the fund's assets is invested somewhat more aggressively in a market-linked portfolio, where specialist investment managers are used for each asset class. The investment strategy of the fund complies with the provisions of regulation 28 of the Pension Funds Act.

Core Portfolio

The core portfolio aims to provide a reasonable return relative to inflation over the long term whilst providing protection of capital over the short term. The core portfolio should reduce the short-term volatility of the overall investment return earned by the fund.

Market-linked portfolio

The market-linked portfolio of the fund's assets aims to provide a superior return relative to inflation over the long term (measurement periods of at least 5 years), without taking on excessive risk. The portfolio may deliver a negative return over short measurement periods (e.g. 1 year) from time to time.

Specialist investment managers are used for each asset class in this portfolio, having taken into account each investment manager's specific skills and opportunity set.

Associated with the use of specialist investment mandates, the strategic asset allocation of the market-linked portfolio has been specified as shown below:

Asset class SA equities SA bonds International equities International bonds	Strategic allocation midpoint 60.00% 25.00% 10.00% 5.00%	Range 56.00% -63.00% 22.00%-28.00% 8.00% -12.00% 3.50% -6.50%
---	--	---

2.1.1 General

Any cashflows available for investment and/or disinvestments for purposes of benefit or expense payments, will be directed in such a way to maintain the asset allocation of the fund's investments as close to the strategic allocation of the market-linked portfolio as shown in the table under item 2.1 above.

The table below sets out the investment manager configuration for the market-linked portfolio:

Mandate SA equity (market) SA equity (SRI) SA equity (market) SA equity (market) SA equity (value) SA bonds & cash SA bonds (SRI) International Equities International Bonds Total Investment m Community Gri Commu	nd Managers 17.50% owth Fund 15.00% nagement 17.50% Management 10.00% nagement 15.00% t Fund 10.00% nt Management 10.00%

SCHEDULE E REPORT OF THE BOARD OF TRUSTEES (continued) For the year ended 31 December 2007

2.1.2 Unclaimed benefits

The investment strategy for unclaimed benefits is the same as per the general investment strategy of the fund.

2.1.3 Surplus apportionment allocations

The fund submitted a nil surplus scheme to the Registrar of Pension Funds on the 29 December 2005 and the nil scheme submission was recorded by the Financial Services Board on the 17 February 2006. Therefore there are no surplus assets to be invested.

2.1.4 Reserve accounts

The investment strategy for the reserve accounts is the same as the general investment strategy of the fund.

2.2 Management of investments

The board of trustees meets on a formal basis at least four times a year in relation to the investments of the fund and monitors the performance of the fund's investments on a quarterly basis. The fund has a separate Investment Subcommittee that meets on a monthly basis to monitor the investments of the fund.

The board of trustees has appointed Fifth Quadrant Actuaries and Consultants (Pty) Ltd as independent investment advisors to the fund. They assist the board of trustees in the formulating and implementing of the investment strategy of the fund, the selection of investment managers and the monitoring of the performance of the fund's investments.

The fair value of the fund's investment, administered by the investment administrators at the end of the year was:

REPORT OF THE BOARD OF TRUSTEES (continued)
For the year ended 31 December 2007

4. ACTUARIAL VALUATION

The financial statements summarise the transactions and net assets of the fund. They do not take account of liabilities to pay benefits in the future. In accordance with the rules of the fund, the financial condition of the fund is reviewed at the end of every calendar year, or shorter intervals as the board of trustees decide. The fund has a practice of reviewing its financial condition on a six monthly basis. The last statutory valuation, as required by section 16 of the Pension Funds Act, was performed as at 31 December 2006 and the actuary reported that the fund was in a sound financial position. (Refer to the Report of the Valuator on page 38 for the summarised findings of this valuation).

The interim valuation as at 31 December 2007 reflects that the fund was in a sound financial condition.

5. SURPLUS APPORTIONMENT

The fund submitted a nil surplus scheme as at the fund's surplus apportionment date which was 31 December 2003. The nil surplus scheme was submitted on 29 December 2005 to the Registrar of Pensions Funds and was recorded as a nil scheme submission on the 17 February 2006.

6. HOUSING LOAN FACILITIES

The fund does not grant direct housing loans. As from 1 September 1996 the trustees decided to assist members with housing loans by using a portion of the benefit in the fund as security in terms of rule 31(10) of the rules of the Fund and section 19(5) of the Pension Funds Act in South Africa. The board of trustees approved Standard Bank of South Africa Limited and Nedbank Limited to participate in the Housing Loan Guarantee Scheme. The fund appointed Teba Bank Limited as an additional service provider for housing loans with effect from 11 December 2007. Refer to note 4 in the notes to the annual financial statements for details of the guarantees provided.

7. INVESTMENTS IN PARTICIPATING EMPLOYERS

Details of investments in participating employers are provided in note 3.2 of the notes to the annual financial statements. The investments represent 2.80% of the total investments at 31 December 2007 and no exemption is required from the Registrar of Pension Funds in terms of section 19(4) of the Pension Funds Act in South Africa.

8. SUBSEQUENT EVENTS

Investments

- The funds assets held in the Old Mutual Guaranteed Portfolio were converted in January 2008 to the new Old Mutual Absolute Stable Growth Fund. The final declared bonus for the financial year 2007 amounted to R 284 770 730.
- The Old Mutual Absolute Stable Growth portfolio was under-funded in May 2009 (approximately 92%), which is expected to improve in line with a market recovery.
- The Trustees appointed a new Investment Administrator, Argon Asset Management in January 2008. R200 million was transferred to Argon, effective 1 June 2008.
- The Trustees appointed a new Investment Administrator Vunani Limited (NewsSA ETF) in May 2009. R50 million was
 approved by the board for investment with Vunani Limited subject to the Fund's procurement policy.
- The board of trustees decided to disinvest R 500 million from Rand Merchant Bank SA Equity Portfolio and to invest as follows: Afena Investment Managers R 200 million, Kagiso Asset Managers R 200 million and Argon Asset Managers R 100 million.
- The Trustees appointed Selekane Asset Consultants (Pty) Ltd as new Investment Advisors with effect from 01 July 2009.

Fidelity Cover

- The fidelity cover was increased to R 200 million effective 01 July 2007. The retroactive dates are as follows: R 100 million or less - 01 July 1998
 Over R 100 million up to R 200 million - 01 July 2007
- The fidelity cover was increased to R 400 million effective 01 July 2008. The retroactive dates are as follows: Over R 200 million up to R 300 million - 01 July 2008
 Over R 300 million up to R 400 million - 01 July 2008
- The fidelity cover was increased to R 750 million effective 01 July 2009.

SCHEDULE E REPORT OF THE BOARD OF TRUSTEES (continued) For the year ended 31 December 2007

Other

- The Trustees of the fund founded the Mineworkers Charity Trust Fund with a donation of R 100, which was registered with the Master of the High Court on 11 March 2008. The principal object of the Trust is to supplement reduced monthly stipend payments by the Living Hands Trust to all beneficiaries of the Living Hands Trust whose monthly stipend payments could not be paid in full.
- The Trustees approved the application from the following employers to join the Mineworkers Provident Fund as new participating employers:
- DRD Gold SA (June 2008)
- Everest Platinum Mine (March 2008)
- On 8 May 2009, the trustees approved the valuator's recommendation to maintain the interim interest rate at 0% and increase the exit bonus rate to 1.% for all claims effective from 1 June 2009.
- The Trustees have decided to perform the funds administration on a self administration basis and are in the process of investigating the most suitable self administration vehicle.
- Momentum Group Limited acquired an additional 30% equity stake in the benefit administrators of the fund, Lekana
 Employee Benefit Solutions. Lekana Employee Benefit Solutions therefore became a wholly owned subsidiary of Momentum
 and its name was changed to AdviceAtWork (Pty) Ltd.

REPORT OF THE BOARD OF TRUSTEES (continued)
For the year ended 31 December 2007

9. SIGNIFICANT MATTERS

9.1 Emphasis of Matters

We draw attention to the following matters:

The blanket Section 14 transfers from the Sentinel Mining Industry Retirement Fund and from the Mine Employees Pension Fund had expired and therefore ceased to be valid as per item 3.2 of PF Circular 120. The responsible retirement funds have not yet forwarded the necessary schedules in terms of item 3.2 of PF Circular 120 to the fund.

- •Sentinel Mining Industry Retirement Fund, to the value of R 5 915 061 for 59 members. The balance of the transfer outstanding has been raised as an accrual in note 6 of the Notes to the annual financial statements.
- •Mine Employees Pension Fund, to the value of R 4 347 887 for 14 members. The balance of the transfer outstanding has been raised as an accrual in note 6 of the Notes to the annual financial statements.

The Trustees entered into contractual arrangements with Old Mutual and Metropolitan for the provision of annuities to retiring members of the Fund. However, the Trustees have not approved the purchase by individual retiring members of their annuities or their selected insurer as required by rule 25(4) (a) of the rules of the Fund. Only five retiring members of the Fund exercised this option in the year under review (2006: 5 members). The Trustees are in the process of reviewing the Fund's Rules.

Death claims for beneficiaries were paid to Teba Bank for onward payment to the beneficiaries, requiring Teba Bank to be registered as a benefits administrator in terms of Section 13 of the Pension Funds Act, which they are not. The fund has since recorded the Teba Bank accounts not paid to members as assets of the fund as set out in note 5 on page 28 for R 4 229 658, with the corresponding death claim accrual included in the benefits payable amount of R 1 197 532 901 in note 8 on page 31.

The fund suspended the Principal Executive Officer (Frans Bafana Mahlangu) on the 18 November 2006. A disciplinary hearing was held and he was dismissed on the 6 November 2007 with effect from 6 December 2007. The matter was settled between the parties in June 2009.

9.2 Other Matters

The consolidated rules were not submitted to the South African Revenue Service within two months of the Financial Services Board approving the rules as required by rule 43(3). The effective date of the Financial Services Board's approval was 15 June 2007 and the South African Revenue Services' approval was received on 22 August 2007, shortly after the expiry of the two month period.

The fund has not applied for or received exemption in terms of section 7B(i)(b)(i) of the Pension Funds Act, for not having member representatives on the board of trustees. The Fund is in possession of a letter from the Financial Services Board (FSB) confirming that the membership representation was done in terms of the Registerd rules of the Fund and because this is a Union Fund, the involvement of NUM in the election process of the member trustees is in compliance with section 7A of the Pensions Funds Act. The board of trustees has since approached the FSB and is awaiting feedback.

Certificates of membership have not been provided to new members as required by rule 21(1).

Member statements have not been sent to members within a period not exceeding 12 months of becoming a member or having received the last member statement as required by rule 21(2). The Trustees in consultation with the administrator have implemented a process whereby member statements will be issued on a monthly basis after the December 2008 updates. New members who joined the fund prior to 31 March 2008 have received benefit statements as at 31 October 2008.

Minutes of in-committee meetings where service providers are not present at trustee meetings are not recorded as required by rule 12 and section 7D(a) of the Pension Funds Act. The Trustees in 2008 implemented a process whereby all meetings of the Fund are tape recorded for record-keeping purposes.

All withdrawal and retrenchment claims older than 6 months have not been transferred to deferred membership in terms of rule 30, as required by rule 29A(I) as the trustees have not set a minimum amount to effect this rule. The Trustees are in the process of revising the Fund's Rules.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS For the year ended 31 December 2007

PRINCIPAL ACCOUNTING POLICIES

The following accounting principles, which are consistent with those of the previous period, are used by the fund:

PURPOSE AND BASIS OF PREPARATION OF ANNUAL FINANCIAL STATEMENTS

The financial statements are prepared for regulatory purposes in accordance with the Regulations to the Pension Funds Act. The Regulations require that the basis of accounting applied by the pension funds comprise of general adherence to Generally Accepted Accounting Practice, as applied to retirement funds in South Africa, except for the following requirements applicable to the:

- -Disclosure of cash flow information
- -Disclosure of prior year adjustments
- -Presentation of consolidated financial statements in which investments in subsidiaries are consolidated in accordance with the standard on consolidated and separate financial statements.
- -Property, plant and equipment is expensed in the year that it is recorded.

The financial statements are prepared on the historical cost basis and going concern basis, modified by the valuation of financial instruments to fair value.

1.1 PLANT AND EQUIPMENT

All equipment is initially recorded at cost and is expensed in the year that it is purchased.

1.2 INVESTMENTS

Marketable securities are carried at market value. Market value is calculated by reference to stock exchange quoted selling prices at the close of business on the balance sheet date.

Non-current investments excluding marketable securities are shown at cost and adjustments are made only where, in the opinion of the board of trustees, the investment is impaired. Where an investment has been impaired, it is recognised as an expense in the period in which the impairment is identified.

1.3 FINANCIAL INSTRUMENTS

Measurement

Financial instruments carried on the statement of net assets and funds include cash and bank balances, investments, receivables and payables. The particular recognition methods adopted are disclosed in the individual policy statements associated with each item.

Financial instruments are initially measured at cost, which includes transaction costs. Subsequent to initial recognition, these instruments are measured as set out below.

Investments

Held to maturity investments are measured at amortised cost using effective interest rates. Available for sale investments are measured at fair value. The fair value of marketable securities is calculated by reference to the Stock Exchange quoted selling prices at the close of business on the balance sheet date.

Collective investment scheme

Collective investment schemes are valued at the repurchase price. The value of unlisted shares is determined by the board of trustees using appropriate valuation methods.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS (continued) For the year ended 31 December 2007

Insurance policies

Market related insurance policies

Insurance policies linked to listed investments are valued at fair value, i.e. equivalent to market value of the underlying assets as certified by the insurers concerned.

Non-linked insurance policies

Insurance polices in guaranteed funds are valued at fair value, i.e. equivalent to the guaranteed amount as certified by the insurers concerned. Non-vested income is included in the fair value calculation to the extent that it is not expected that there will be significant variability in the value of the non-vested income.

Accounts receivable

Accounts receivable originated by the fund are stated at amortised cost less provision for doubtful debts.

Cash and cash equivalents

Cash and cash equivalents are measured at fair value.

Accounts payable

Accounts payable are recognised at amortised cost, namely original debt less principal payments and amortisations.

Benefits payable

Benefits payable consist of claims notified to the fund by the employer when the annual financal statements are prepared by the fund.

1.4 CONTRIBUTIONS

Gross contributions are brought to account on the accrual basis.

1.5 DIVIDEND INCOME, INSURANCE POLICY INCOME AND INTEREST

Interest is recognised on a time proportion basis, taking account of the principal outstanding and the effective rate over the period to maturity when it is determined that such income will accrue to the fund.

Insurance policy income and dividends are recognised when the right to receive payment is established.

Income on collective investment schemes is recognised when the right to receive payment is established.

Gains and losses on subsequent measurement

Gains and losses on subsequent measurement to fair value of investments and of all other financial instruments are recognised in the net surplus or deficit during the period in which the change arises.

1.6 COMPARATIVES

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

1.7 TRANSFER TO AND FROM THE FUND

Section 14 transfers to or from the fund are recognised on approval being granted by the Financial Services Board. Individual transfers are recognised when the individual member's transfer is received or paid.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS (continued) For the year ended 31 December 2007

1.8 CONTINGENT LIABILITIES

By their nature, contingencies will only be resolved when one or more future events occur or fail to occur. The assessment of such contingencies inherently involve the exercise of significant judgement and estimates of the outcome of future events.

Litigation and other judicial proceedings as a rule raise difficult and complex legal issues and are subject to uncertainties and complexities including, but not limited to, the facts and circumstances of each particular case. Upon resolution of any pending legal matter, the fund may be forced to incur charges in excess of insurance coverage. It is possible but not probable that the financial position and statement of changes in net assets and funds of the fund could be materially affected by the unfavourable outcome of litigation.

15. RISK MANAGEMENT POLICIES

Solvency risk

Continuous monitoring by the Board and the fund's actuary takes place to ensure that appropriate assets are held where the funds obligation to members are dependent upon the performance of specific portfolio assets and that a suitable match of assets exists for all other liabilities.

Credit risk

Credit risk is the risk that a counter-party to a financial instrument will fail to discharge an obligation, and cause the fund to incur a financial loss.

The Board monitors receivable balances on an ongoing basis with the result that the fund's exposure to bad debts is not significant. An appropriate level of provision is maintained.

Legal risk

Legal risk is the risk that the fund will be exposed to contractual obligations which have not been provided for.

Legal representatives of the fund monitor the drafting of contracts to ensure that rights and obligations of all parties are clearly set out.

Cash flow risk

Cash flow risk is the risk that future cash flows associated with monetary financial instrument will fluctuate in amount. In the case of a floating rate debt instrument, for example, such fluctuations result in a change in the effective interest rate of the financial instrument, usually without a corresponding change in its fair value.

The board of trustees monitors cash flows by using monthly cash flow projections.

Currency risk

Currency risk is the risk that the value of an instrument will fluctuate in Rands owing to changes in foreign exchange rates.

The board of trustees monitors this aspect of the fund's investments and limits it to 15% of total assets.

Liquidity risk

Liquidity risk is the risk that the fund will encounter difficulty in raising funds to meet commitments associated with financial instruments.

The fund's liabilities are backed by appropriate assets and it has significant liquid resources.

Market risk

Market risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices of market interest rates.

Members' fund credits are credited and debited with positive or negative returns respectively.

Investments

Investments in equities are valued at fair value and therefore susceptible to market fluctuations.

Continuous monitoring takes place to ensure that appropriate assets are held where the liabilities are dependent upon the performance of specific portfolios of assets and that a suitable match of assets exists for all non-market related liabilities.

For the year ended 31 December 2007

18. CONTINGENT LIABILITIES

Over the period 1989 to 2006 the Fund settled death benefits due to selected dependants of deceased members of the Fund with The Living Hands Umbrella Trust (previously Mantadia), as it was permitted to do in terms of Section 37C(2) of the Pension Fund Act. The administrator of the Living Hands Umbrella Trust (previously Mantadia) was taken over by Fidentia Holdings in October 2004, and in January 2007, was placed under curatorship, along with the rest of the Fidentia Group. The Living Hands Umbrella Trust has since been unable to meet all of its obligations to its beneficiaries.

Corporate failures of this nature as a rule raise difficult and complex legal issues and are subject to uncertainties and complexities including, but not limited to, the facts and circumstances of each individual case. Having taken appropriate legal advice, the Trustees believe that the likelihood of a material liability for the Fund to individual beneficiaries of The Living Hands Trust, is unlikely.

It is possible, but not probable, that the Fund could be held liable for losses suffered by individual dependants of former members, arising from the failure of The Living Hands Umbrella Trust. The complexities of such a claim, should it arise, are such that the Trustees consider it impossible to estimate the financial effect, if any, on the Fund. An incident has been reported by the Trustees in the normal course, against the Fund's fidelity cover, which, at the time of the incident was R10 000 000.

The Fund resolved to make no further payments to the Living Hands Umbrella Trust from November 2005. To the extent that payments were made contrary to the Trustees' instructions, the Fund may have a right of recovery against the responsible parties for any losses sustained by the Fund.

No litigation has been notified to, or is pending against the fund.

SCHEDULE HB Report of the Valuator

For the period ended 31 December 2007

Effective date of the actuarial valuation: 31 December 2006

Particulars of financial condition of the Fund

- 1. The net assets available for benefits were R 12 141 127 464.
- 2. The actuarial value of the net assets available for benefits, for the purposes of comparison with the actuarial present value of promised retirement benefits, was R 12 141 127 464.
- 3. The actuarial value of liabilities in respect of active members was R 9 654 880 852.
- 4. An investment reserve is maintained by the Fund for the purpose of smoothing investment returns credited to members. At 31 December 2006 this amounted to R 1 942 767 346.
- 5. The IBNR reserve is held for deaths which have occurred but have not yet been reported to the Fund. This reserve amounted to R 21 424 452.
- 6. The Fund is a defined contribution fund. As such, the liability in respect of active members is equal to the members fund credits (i.e. contributions and prior amounts increased by investment returns). The Fund maintains a self-insurance reserve of R 522 054 814 at 31 December 2006.
- 7. Assets are taken into account at market value for the purpose of comparison with the liabilities of the Fund. Member liabilities are equal to member's fund credits.
- 8. I am able to certify that in my opinion the Mineworkers Provident Fund was in a sound financial condition as at 31 December 2006.

SCHEDULE I REPORT OF THE INDEPENDENT AUDITORS TO THE REGISTRAR OF PENSION FUNDS IN TERMS OF SECTION 15 OF THE PENSION FUNDS ACT, 1956 ON FACTUAL FINDINGS

	Procedures	Findings
2	We inspected the list of investments held by the fund for any investments prohibited in terms of section 19(4) of the Act.	
2.1	Where investments held in the participating employer exceeded 5%, we inspected the appropriate Registrar of Pension Funds approval.	
2.2	We obtained written confirmations of investment balances from the investment managers and agreed details of the confirmations received to the investment balances reflected in the general ledger.	
3	We obtained the list of housing loans granted to members by the fund in terms of section 19(5) of the Act as at 31 December 2007.	Not applicable. We found that the fund did not grant housing loans to members as at 31 December 2007.
3.1	We agreed the loans of the above list to the corresponding account in the general ledger.	Not applicable.
3.2	From the above list, we selected 25 housing loans. We determined whether the selected housing loans were granted in terms of the requirements of section 19(5) of the Act, in terms of the security provided and the interest rates applied to the loans.	Not applicable.
3.3	We compared the total guarantees issued on behalf of the members to the total of the members' individual fund credits, to determine whether the total guarantees issued exceeded the total members' individual fund credits.	We found that the total guarantees issued did not exceed the total members' individual fund credits.
4	We obtained a list of all other loans as at 31 December 2007 and determined whether these loans were granted in terms of the requirements of section 19(5)B.	Not applicable. We found that the fund did not grant any other loans as at 31 December 2007.
5	We obtained a written confirmation from the fund's insurer that the fidelity insurance cover was in place for the financial year ended 31 December 2007.	We found that the confirmation indicated that fidelity insurance cover was in place for the financial year ended 31 December 2007.
5	We obtained the list of section 14 transfers to and from the fund for the period ending 31 December 2007 and performed the following procedures:

REPORT BY THE INDEPENDENT AUDITORS TO THE BOARD OF TRUSTEES AND REGISTRAR OF PENSION FUNDS

We have audited the attached Schedule IB 'Assets of the fund held in compliance with Regulation 28' (the "Schedule") by Mineworkers Provident Fund as at at 31 December 2007, as set out on pages 53 to 59.

Board of Trustees's Responsibility for Schedule IB

The trustees are responsible for the preparation of the Schedule in accordance with Regulation 28 of the Pension Funds Act of South Africa (the Act), from information derived from the accounting records of the fund, and for ensuring that the Schedule is in compliance with Regulation 28 of the Act. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and presentation of the Schedule that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on the Schedule based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the schedule is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and presentation of the Schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the Schedule.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, Schedule IB 'Assets of the fund held in compliance with Regulation 28' by Mineworkers Provident Fund as at 31 December 2007 has been prepared, in all material respects, in accordance with the requirements of Regulation 28 of the Pension Funds Act of South Africa.

Emphasis of matter

Without qualifying our opinion above we draw attention to the table on page 59 that lists the individual investments that have exceeded the limits specified in Schedule IB. This investment has exceeded the 5% limit of item 8(a)(ii) of Schedule IB.

Other matter - Restriction on distribution and use of this report

Schedule IB is prepared solely for regulatory purposes and as a result, the Schedule and related auditor's report may not be suitable for another purpose and may not be distributed to or relied upon by any parties other than the trustees and the Registrar of Pension Funds.
