REPORT OF THE INDEPENDENT AUDITORS TO THE BOARD OF TRUSTEES OF THE MINEWORKERS PROVIDENT FUND AND THE REGISTRAR OF PENSION FUNDS

We have audited the accompanying annual financial statements of Mineworkers Provident Fund, which comprise the report of the board of trustees, and the statement of net assets and funds as at 31 December 2011, and the statement of changes in net assets and funds for the year then ended, and the notes to the financial statements, which include the principal accounting policies and other explanatory notes, as set out on pages 13 to 45.

Board of Trustees' Responsibility for the Annual Financial Statements

The board of trustees is responsible for the preparation and presentation of these financial statements for regulatory purposes, in accordance with the basis of preparation applicable to retirement funds in South Africa, as set out in the notes to the financial statements, and for such internal control as the trustees determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion the financial statements of the Mineworkers Provident Fund for the year ended 31 December 2011 have been prepared, in all material respects, in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa.

SCHEDULE E REPORT OF THE BOARD OF TRUSTEES (continued) For the year ended 31 December 2011

2. INVESTMENTS

2.1 investment strategy

The primary investment objectives of the fund is to earn a net investment return (after Investment management fees) which exceeds inflation as measured by the Consumer Price Index (CPI) by at least 4.5% per annum over any rolling 5-year period (This is equivalent to a gross investment return of some 5.0% to 5.5% per annum above inflation). Another primary investment objective is to earn the return in such a way that the member's benefits are not adversely affected by the market conditions ruling at the time of his/her exit. This implies that investment returns should not exhibit undue volatility from one year to the next.

A further investment objective of the fund is to invest a portion of the fund's assets specifically with the emphasis placed on social responsibility (SRI). The board of trustees is guided by the Growth and Development Summit in this regard and such a portion of the fund's assets will be invested in SRI shares subject to a minimum of 5%.

With these objectives in mind, the board of trustees has formulated an investment strategy whereby approximately 50% of the fund's assets are invested in a core portfolio with a focus on capital protection. The balance of the fund's assets is invested somewhat more aggressively in a market-linked portfolio, where specialist investment managers are used for each asset class. The investment strategy of the fund compiles with the provisions of regulation 28 of the Pension Funds Act.

Core Portfolio

The core portfollo aims to provide a reasonable return relative to inflation over the long term whilst providing protection of capital over the short term. The core portfolio should reduce the short-term volatility of the overall investment return earned by the fund

Market-linked portfolio

The market-linked portfolio of the fund's assets alms to provide a superior return relative to inflation over the long term (measurement periods of at least 5 years), without taking on excessive risk. The portfolio may deliver a negative return over short measurement periods (e.g. 1 year) from time to time.

Specialist investment managers are used for each asset class in this portfolio, having taken into account each investment manager's specific skills and opportunity set.

1.1 PURPOSE AND BASIS OF PREPARATION OF ANNUAL FINANCIAL STATEMENTS

Office equipment 3 years years
Furniture and fittings 3 years years
Computer equipment and software 3 years years

1.3 INVESTMENTS

Marketable securities are carried at market value. Market value is calculated by reference to stock exchange quoted selling prices at the close of business on the balance sheet date.

Where an investment has been impaired, it is recognised as an expense in the period in which the impairment is identified.

1.4 FINANCIAL INSTRUMENTS

Measurement

Financial instruments carried on the statement of net assets and funds include cash and bank balances, investments, receivables and payables. The particular recognition methods adopted are disclosed in the individual policy statements associated with each item.

Financial instruments are initially measured at cost, which includes transaction costs. Subsequent to initial recognition, these instruments are measured as set out below.

Investments

The fair value of marketable securities is calculated by reference to the Stock Exchange quoted selling prices at the close of business on the balance sheet date.

15. RISK MANAGEMENT POLICIES

Solvency risk

Solvency risk is the risk that the Investment returns on assets will not be sufficient to meet the funds contractual obligations to members.

Continuous monitoring by the Board and the fund's actuary takes place to ensure that appropriate assets are held where the funds obligation to members are dependent upon the performance of specific portfolio assets and that a suitable match of assets exists for all other liabilities.

Credit risk

Credit risk is the risk that a counter-party to a financial instrument will fail to discharge an obligation, and cause the fund to incur a financial loss.

The Board monitors receivable balances on an ongoing basis with the result that the fund's exposure to bad debts is not significant. An appropriate level of provision is maintained.

Legal risk

Legal risk is the risk that the fund will be exposed to contractual obligations which have not been provided for.

Legal representatives of the fund monitor the drafting of contracts to ensure that rights and obligations of all parties are clearly set out.

Cash flow risk

Cash flow risk is the risk that future cash flows associated with monetary financial instrument will fluctuate in amount. In the case of a floating rate debt instrument, for example, such fluctuations result in a change in the effective interest rate of the financial instrument, usually without a corresponding change in its fair value.

The board of trustees monitors cash flows by using monthly cash flow projections.

Currency risk

Currency risk is the risk that the value of an instrument will fluctuate in Rands owing to changes in foreign exchange rates.

The board of trustees monitors this aspect of the fund's investments and limits it to 20% of total assets.

Liquidity risk

Liquidity risk is the risk that the fund will encounter difficulty in raising funds to meet commitments associated with financial instruments.

The fund's liabilities are backed by appropriate assets and it has significant liquid resources.

Market risk

Market risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices of market interest rates.

Members' fund credits are credited and debited with positive or negative returns respectively.

Investments

Investments in equities are valued at fair value and therefore susceptible to market fluctuations.

Continuous monitoring takes place to ensure that appropriate assets are held where the liabilities are dependent upon the performance of specific portfolios of assets and that a suitable match of assets exists for all non-market related liabilities.

SCHEDULE HB REPORT OF THE VALUATOR For the year ended 31 December 2010

The investment reserve amounted to 9,7% of member flabilities (including the final bonus declaration).

The risk reserve represents the funds available to meet the cost of death benefits in excess of members' fund credits. The reserve comprises contributions towards risk benefits; transfers to the reserve less insurance premiums and benefits paid from the reserve, accumulated with investment returns.

7. The financial position or solvency of the Fund is assessed by comparing the total assets of the Fund with the liabilities. The Fund is solvent when the value of the assets is equal to or in excess of the value of the liabilities, i.e. a funding level of 100% or greater.

The Fund's assets were equal to its liabilities and the Fund had a funding level of 100% at the valuation date.

8. I certify that, in my opinion, the assets of the Mineworkers Provident Fund were sufficient to cover the liabilities in full as well as the balance in the risk reserve as at 31 December 2009. REPORT OF THE INDEPENDENT AUDITORS TO THE BOARD OF TRUSTEES OF MINEWORKERS PROVIDENT FUND AND THE REGISTRAR OF PENSION FUNDS

We have audited the attached Schedule IB, 'Assets of the fund held in compliance with Regulation 28' (the "Schedule") by the Mineworkers Provident Fund (the Fund) as at 31 December 2011, as set out on pages 70 to 76.

Board of trustees' responsibility for Schedule IB

The board of trustees have prepared this Schedule in accordance with Regulation 28 of the Pension Funds Act of South Africa (the Act) effective prior to 01 July 2011, from information derived from the accounting records of the fund. The board of trustees are responsible for ensuring that the Schedule is in compliance with Regulation 28 of the Act. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and presentation of the Schedule that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' responsibility

Our responsibility is to express an opinion on the Schedule based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the Schedule IB is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and presentation of the Schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the Schedule.

We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Schedule IB 'Assets of the fund held in compliance with Regulation 28' by Mineworkers Provident Fund as at 31 December 2011 has been prepared, in all material respects, in accordance with the requirements of Regulation 28 of the Pension Funds Act of South Africa effective prior to 01 July 2011.

Emphasis of matter

We draw attention to note 9.3 in the Report of the Board of Trustees which indicates that the related Schedule IB report has been prepared on the basis in place before 1 July 2011 as previously prescribed by the Financial Services Board and allowed in terms of Notice 1 issued on 10 June 2011. This format does not comply with the current requirements under the Financial Services Board Notice 3. Had our report been issued in terms of Notice 3, there would have been a disclaimer of the audit opinion as described below:

TO THE BOARD OF TRUSTEES

We have audited Schedule IB "Assets held in compliance with Regulation 28" of Mineworkers Provident Fund (the Fund) at 31 December 2011 (the Schedule) for compliance with the requirements of Regulation 28 of the Pension Funds Act of South Africa (the Regulation), as set out on pages 70 to 76. Our engagement arises from our appointment as auditor of the Fund and is for the purpose of assisting the Trustees to report to the Registrar of Pension Funds (the "Registrar").

The information contained in Schedule IB has been extracted from the Fund's underlying accounting records that were the subject of our audit engagement on the annual financial statements and forms the subject matter of this engagement. Our audit of the annual financial statements of Mineworkers Provident Fund for the year ended 31 December 2011 was conducted in accordance with International Standards on Auditing and in our report of 03 May 2012 we expressed an unmodified opinion on the financial statements, prepared, in all material respects, with the Regulatory Reporting Requirements for Retirement Funds in South Africa.

The Board of Trustees' Responsibility for the Schedule

The Board of Trustees is responsible for the preparation of the Schedule in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa and in compliance with the Regulation, and for such internal control as the Board of Trustees determines is necessary to enable the preparation of the Schedule that is free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion based on our audit of the Schedule. We conducted our audit in accordance with International Standards on Auditing. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis of Disclaimer of Opinion

The Registrar of Pension Funds in terms of Regulation 28(8)(a) of the Pension Funds Act may prescribe the format, content and any other particulars in respect of the disclosure of compliance with Regulation 28. This disclosure of compliance with Regulation 28 is reported on Schedule IB. The Registrar issued Notice 3 on 19 December 2011 prescribing the new format of Schedule IB and made it applicable to all pension funds with financial year — ends on or after 01 July 2011. This schedule required more detail as compared to the prior Schedule IB. Due to the late release of the FSB Notice 3, the investment managers, were unable to provide the additional required information to the fund, and the fund has therefore not been able to complete the revised Schedule IB, consequently the fund has reported the information in the prior Schedule IB format. This is not in compliance with Regulation 28. We are unable to assess the impact of this departure from the Regulation 28 requirement.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for an audit opinion. Accordingly we do not express an opinion on Schedule IB "Assets held in compliance with Regulation 28".

Other matter - Restriction on use and distribution

Schedule IB is prepared solely for regulatory purposes and as a result, the Schedule and related auditor's report may not be suitable for another purpose and may not be distributed to or relied upon by any parties other than the board of trustees and the Registrar of Pension Funds.
