SCHEDULE B STATEMENT OF RESPONSIBILITY BY THE BOARD OF THE FUND FOR THE YEAR ENDED THURSDAY, DECEMBER 31, 2020

Responsibilities

The Board of the Fund hereby confirms that to the best of their knowledge and belief that, during the year under review, in the execution of their duties they have complied with the duties imposed by Pension Funds Act legislation and the rules of the fund, including the following:

- ensured that proper registers, books and records of the operations of the fund were kept, inclusive of proper minutes of all resolutions passed by the Board of Fund;
- ensured that proper internal control systems were employed by or on behalf of the fund;
- ensured that adequate and appropriate information was communicated to the members of the fund, informing them of their rights, benefits and duties in terms of the rules of the fund;
- took all reasonable steps to ensure that contributions, where applicable, were paid timeously to the fund or reported where necessary, in accordance with section 13A and regulation 33 the Pension Funds Act in South Africa;
- · obtained expert advice on matters where they lacked sufficient expertise;
- ensured that the rules and the operation and administration of the fund complied with the Pension Funds Act and all applicable legislation;
- ensured that fidelity cover was maintained and that this cover was deemed adequate and in compliance with the rules of the fund; and
- ensured that investments of the fund were implemented and maintained in accordance with the fund's investment strategy.

Approval of the annual financial statements

The annual financial statements of Mineworkers Provident Fund are the responsibility of the Board of Fund. The Board of Fund fulfils this responsibility by ensuring the implementation and maintenance of accounting systems and practices adequately supported by internal financial controls. These controls, which are implemented and executed by the fund and/or its benefit administrators-, and other service providers in order to provide reasonable assurance that:

- the fund's assets are safeguarded:
- · transactions are properly authorised and executed; and
- · the financial records are reliable.

The annual financial statements set out on pages 23 to 49 have been prepared for regulatory purposes in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa, the Rules of the fund and the Pension Funds Act.

These annual financial statements have been reported on by the independent auditors, SNG Grant Thornton, who were given unrestricted access to all financial records and related data, including minutes of all relevant meetings. The Board the of Fund believes that all representations made to the independent auditors in the management representation letter during their audit were valid and appropriate. The report of the independent auditors is presented on pages 11 to 13.

Instances of non-compliance

The following instances of non-compliance with Acts, Legislation, Regulations and Rules, including the provisions of laws and regulations that determine the reported amounts and disclosures in the financial statements came to our attention and were not rectified before the Board of Fund's approval of the financial statements:

Nature and cause of non-compliance	Corrective course of action to resolve non-compliance matter

SCHEDULE D MINEWORKERS PROVIDENT FUND Registration number: 12/8/23053

INDEPENDENT AUDITOR'S REPORT TO THE BOARD OF FUND OF MINEWORKERS PROVIDENT FUND

Opinion

We have audited the annual financial statements of Mineworkers Provident Fund ("the Fund") set out on pages 23 to 49, which comprise the statement of net assets and funds as at 31 December 2020 and the statement of changes in net assets and funds for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements of Mineworkers Provident Fund for the year ended 31 December 2020 are prepared, in all material respects, in accordance with Regulatory Reporting Requirements for Retirement Funds in South Africa.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – Financial reporting framework and restriction on use

We draw attention to the Basis of preparation paragraph on Schedule HA of the financial statements, which describes the basis of preparation of the financial statements. The financial statements have been prepared for the purpose of the Fund's reporting to the Financial Sector Conduct Authority (the Authority) in terms of section 15(1) of the Pension Funds Act No. 24 of 1956, as amended (the Pension Funds Act of South Africa), and have been prepared in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa. As a result, the financial statements may not be suitable for another purpose. Our report is intended solely for the Board of Fund and the Authority and should not be used by parties other than the Board of Fund or the Authority. Our opinion is not modified in respect of these matters.

Other information

The Board of Fund is responsible for the other information. The other information comprises the information included in the Annual Financial Statements in terms of section 15 of the Pension Funds Act of South Africa of the Fund for the period 01 January 2020 to 31 December 2020, but does not include the financial statements (schedules F, G and HA) and our auditor's report thereon (schedule D)

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Fund for the Financial Statements

The Board of Fund is responsible for the preparation of the financial statements in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa and for such internal control as the Board of Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Board of Fund is also responsible for compliance with the requirements of the Rules of the Fund and the Pension Funds Act of South Africa.

In preparing the financial statements, the Board of Fund is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Board of Fund either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error,
 design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
 appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from
 fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Fund.
- Conclude on the appropriateness of the Board of Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

We communicate with the Board of Fund regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

The Statement of Responsibility by the Board of Fund describes instances of non-compliance with laws and regulations, including those that determine the reported amounts and disclosures in the financial statements that have come to the attention of the Board of Fund and the corrective action taken by the Board of Fund. There were no additional instances of non-compliance with laws and regulations that came to our attention during the course of our audit of the financial statements.

2. INVESTMENTS

2.1. • Development of the Fund's investment strategy

The development of the Fund's investment strategy is a two-stage process. The first objective is to determine the target investment return required to ensure that Fund members retire in a financial position that protects their current standard of living. This is determined by conducting an Asset Liability Modelling ("ALM") exercise where the investment and savings position of members (individually and on aggregate) is assessed. This exercise is conducted by the Fund's investment consultant at least every two years and ensures that the investment strategy adopted by the Fund will continue to maximise member credits at retirement.

The second objective is to define an asset allocation and select the best asset managers within each asset class most likely to deliver the target investment return. To meet these objectives, the two stages are expanded into a multi-step investment process where the goal is the development and execution of an investment strategy with the highest probability of maximising Fund assets while simultaneously mitigating investment risk.

The investment strategy adopted by the Fund also takes into consideration the integration of Environmental, Social and Governance ("ESG") and Broad-Based Black Economic Empowerment ("B-BBEE") factors. ESG is integrated in the implementation of the investment strategy through engagement and proxy voting and impact investment where investment is made with the intention for beneficial social, and environmental impact in addition to financial return. B-BBEE objectives target the requirements of the B-BBEE Scorecard for Retirement Funds under the Financial Sector Code which promotes the procurement of black-owned service providers to the Fund.

The investment strategy of the Fund also complies with the provisions of Regulation 28 of the Pension Funds Act of 1956 including amendments made.

Investment objective of the Fund

The target investment return of the Fund which is the outcome of the ALM exercise is to earn a net investment return which exceeds inflation as measured by the Consumer Price Index (CPI) by at least 4.5% per annum over any rolling three-year period. This return must be earned in such a way that members' benefits are not adversely affected by the market conditions ruling at the time of their exit.

Investment strategy formulated to meet the investment objective of the Fund

The target return per the ALM establishes the performance objective of the investment strategy. The next step in the investment strategy process is the development of a Strategic Asset Allocation ("SAA") and Tactical Asset Allocation ("TAA") bands best placed to deliver the ALM defined target return. The SAA provides an optimal set of weights across multiple asset classes that are expected to meet the required target return at the lowest possible level of risk. TAA bands provides a pre-determined range of deviation from the SAA that will allow for the tactical movement of capital to and from asset classes for the purposes of alpha generation and risk management while ensuring that neither the expected return nor risk of the underlying strategy is compromised. The Black-Litterman Optimisation Model is utilised to determine the SAA and TAA weights.

Taking the above into consideration, the board of trustees of the Fund have formulated an investment strategy whereby 40% of the Fund's assets are invested in a Core Portfolio which is focused on capital protection, does not exhibit undue volatility and drawdowns yet seeks to deliver inflation beating returns over the long term. The remainder of the Fund's assets is invested more aggressively in a Market-Linked Portfolio, where specialist investment managers are used for each asset class. This portfolio limits its exposure to liquid listed assets only whereas the Core Portfolio can hold long-term assets such as infrastructure and private equity.

The SAA and TAA bands of the Market-Linked and Core Portfolio is as follows:

The above adjustments of (2 560) under active members consist of (1,322) disability benefits and (1 238) adjustment to active members relating to data clean-up. The adjustments of 955 under Advised benefits < 2 years consist of (722) disability members and member movement of 1941.

The movement of (8 091) members from the unclaimed benefit member listing arose from the exercise where all Stagnant records i.e non-members of the fund were transferred from the unclaimed membership listing and their share of fund liability is now disclosed under Accounts Payable .The Adjustment of (1 095) members under the Deferred list is the data movement between the different categories.

The Advised benefits are members where an exit confirmation has been received, but the claim has not been finalised and paid. Following the fund's data clean-up exercise, this resulted in changes in the re-classifications of member records.

4. ACTUARIAL VALUATION

The financial statements summarise the transactions and net assets of the fund. They do not take account of liabilities to pay benefits in the future. In accordance with the rules of the fund, the financial condition of the fund is reviewed at the end of every calendar year, or shorter intervals as the board of trustees decides. Monthly asset liability matching is now performed. The last tri-annual statutory valuation, as required by section 16 of the Pension Funds Act, was performed as at 31 December 2018 and the actuary reported that the fund was in a sound financial position. It was submitted to the Financial Services Conduct Authority on the 14 December 2019 and awaiting approval. The valuator's report on page 50 gives the final results of the 31 December 2018 valuation.

5. HOUSING LOAN FACILITIES

The fund does not grant direct housing loans. As from 1 September 1996 the trustees decided to assist members with housing loans by using a portion of the benefit in the fund as security in terms of rule 31(10) of the rules of the Fund and section 19(5) of the Pension Funds Act in South Africa. The board of trustees approved Standard Bank of South Africa Limited, Ubank, ABSA Bank Limited and Iemas Financial Services Limited to participate in the Housing Loan Guarantee Scheme. Refer to note 4 in the notes to the annual financial statements for details of the guarantees provided.

SCHEDULE E REPORT OF THE BOARD OF FUND (continued) FOR THE YEAR ENDED THURSDAY, DECEMBER 31, 2020

INVESTMENTS IN PARTICIPATING EMPLOYERS

Details of investments in participating employers are provided in note 3.2 of the notes to the annual financial statements. The investments represent 4.25% of the total investments at 31 December 2020 and no exemption is required from the Registrar of Pension Funds in terms of section 19(4) of the Pension Funds Act in South Africa.

SUBSEQUENT EVENTS 7.

The Fund submitted revised Rules to FSCA 21 March 2021. Board ratified the inclusion of the T day (Annuitisation of Provident Fund Retirement Benefits) amendments in the Revised Rules submission.

The Fund is in the process of assessing the implementing a Cell Captive, arrangement to house its insured benefits, namely funeral, permanent total disability and and temporary total disability. This assessment is in progress.

The Fund is also in the process of drafting a policy to manage future employer applications for contribution breaks.

The Fund is on course for the implementation of the Protection of Personal Information Act (POPIA) regulatory amendments effective 1 July 2021. This assessment is still in progress.

SIGNIFICANT MATTERS 9

The Fund had the following Executive changes in 2020:

Ms Philda Mphephu ended her role as acting Chief Executive Officer effective 29 February 2020 and resigned as Principal Officer effective 31 March 2020.

Mr Dumisa Hlatshwayo was appointed as Chief Executive Officer effective 1 March 2020.

Ms Amma Amparbeng was appointed as the Interim Principal Officer effective date 23 April 2020 and resigned effective 30 September 2020.

Mr Frans Phakgadi was appointed as the Principal Officer effective 1 October 2020.

The Fund had the following Board of Trustee changes in 2020:

Mr Thomas Kgokolo was appointed as the Independent Chairman of the Board of Trustees effective 23 April 2020.

Mr Sakhile Masuku was appointed as the Independent Chairman of the Audit, Risk Management & Compliance Sub-Committee on 2 July 2020.

Other Significant Matters:

The Fund, effective 1 January 2020 is self-insuring the Group Life insurance benefits (This was previously administered by Momentum Metropolitan Group).

Momentum Metropolitan Group is still currently administering the Funeral and Permanent Total Disability benefits.

On 15 March 2020, the President of South Africa declared a national state of disaster as a result of the global COVID 19 pandemic. Even though South Africa is in the early stages of the COVID 19 virus outbreak, there are uncertainties about the potential impact of COVID 19 on the Fund and its members. The global outbreak of COVID 19 virus has had a severe impact on the investment markets and the Fund's investments have been negatively impacted as a direct result of the financial distress caused by COVID 19.

The Fund's investments were R 25.8 billion as at 31 March 2020 when the COVID 19 pandemic was declared as a natural disaster. Subsequent to this period, the Fund's investment values have seen an increase to R 28.8 billion as at 31 December 2020. The Fund continues to monitor its long dated bonds due to sovereign risk and private equity investments. The Board, through the custodian 27 four Investment Managers monitors private equity and bond investments for impairment. There was no objective evidence to suggest that the private equity investments are impaired.

The Fund's going concern status has not been impacted by COVID 19 as the Fund retains its ability to pay claims as they arise.

The following mines have retrenched during 2020, i.e. Kangra Coal, Zululand Anthracite, Village Main Reef (Pty) Ltd and Delmas Colliery.

SCHEDULE E REPORT OF THE BOARD OF FUND (continued) FOR THE YEAR ENDED THURSDAY, DECEMBER 31, 2020

Compliance with laws and regulations

Two instances of non-compliance were noted for the period under review the Fund is in the process of remediating the instances which relate to PF 86 & PF 90 on the minimum information to be provided to active and non-active members which arises from the challenges the Fund encounters with some employers in providing the Fund with the correct addresses of members timeously. No other instances of non-compliance were noted during the period under review (also refer to schedule C for the further detail).

Contributions for the period 01 April 2020 to 30 September 2020 from members and employers were allocated as AVCs due to the contribution holiday.

Risk contribitions (premium) were mandated to continue during the contribution holiday. No reportable findings arose relating to Section 13A.

In response to the communication by the Financial Services Conduct Authority on the unprecedented financial challenges that COVID 19 presented, in terms of employer's and employee's ability to comply with the payment of contributions in terms of Section 13A,the Board of Fund passed a resolution for a contribution holiday break from 01 April 2020 to 30 September 2020.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED THURSDAY, DECEMBER 31, 2020

1, PRINCIPAL ACCOUNTING POLICIES

The following are the principal accounting policies used by the fund. These policies have been applied consistently to all years presented, unless otherwise specifically stated.

1.1. PURPOSE AND BASIS OF PREPARATION OF ANNUAL FINANCIAL STATEMENTS

The annual financial statements are prepared in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa, the rules of the fund and the provisions of the Pension Funds Act.

The annual financial statements are prepared on the historical cost and going concern bases, except where specifically indicated otherwise in the accounting policies below:

1.2. PROPERTY, PLANT AND EQUIPMENT

All plant and equipment are initially recorded at cost. Land and buildings are subsequently shown at market value, based on triennial valuations by external independent valuers, less subsequent depreciation. The remaining plant and equipment is stated at historical cost less depreciation. Increases in the carrying amount arising on revaluation are credited to the revaluation reserve.

Decreases that offset previous increases of the same asset are charged against the revaluation reserve; all other decreases are charged to the income statement. Each period the difference between depreciation based on the revalued carrying amount of the assets (the depreciation charged to the Statement of Changes in Net Assets and Funds) and depreciation based on the asset's original cost is transferred from the revaluation reserve to accumulated funds.

Depreciation is calculated on the straight-line method to write off the cost of each asset, or the re-valued amounts, to their residual values over their estimated useful life as follows:

Depreciation is calculated on the straight-line method to write off the cost of each asset, or the revalued amounts, to their residual values over their estimated useful lives as follows:

50 years Buildings Period of lease Leasehold improvements Furniture and fittings 3-8 years 3-8 years Office equipment 2-5 years Computer equipment and software Motor Vehicles 5 years

Land is not depreciated as it is deemed to have an indefinite life.

An impairment loss is recognised where the carrying amount of an asset is greater than its estimated recoverable amount, An asset is written down immediately to its recoverable amount.

Gains and losses on disposal of plant and equipment are determined by reference to their carrying amount and are taken into account in determining the net surplus or deficit.

Maintenance and repairs, which neither materially add to the value of assets nor appreciably prolong their useful lives, are charged against income.

Valuation of Property, Plant and Equipment

After recognition, an asset or an item of property, plant and equipment whose fair value can be measured reliably, shall be carried at a revalued amount, being its fair value at the date of the revaluation. Revaluations shall be made with sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the balance sheet date. Building valuations will be done annually and this valuation will be used for investment purposes.

1.3.

Measurement

A financial instrument is any contract that gives rise to both a financial asset of one entity and a financial liability or equity instrument of any other entity. A financial asset or a financial liability is recognised when its contractual arrangements become binding and is unrecognised when the contractual rights to the cash flows of the instrument expire or when such rights are transferred in a transaction in which substantially all risks and rewards of ownership of the instrument are transferred.

Financial instruments carried on the statement of net assets and funds, include cash and bank balances, investments, housing loans, accounts receivable and accounts payable.

Financial instruments are recognised on acquisition using trade date accounting, which includes transaction costs. Upon initial recognition financial instruments are designated at fair value through the statement of changes in net assets and funds as the assets or liabilities are managed, evaluated and reported internally on a fair value basis and/or the designation eliminates or significantly reduces an accounting mismatch which would otherwise arise.

Subsequent to initial recognition, these instruments are measured as set out below.

1.3.1. Investments

Investments are classified at fair value through the statement of changes in net assets and funds and are measured at fair value

Loans (other than housing loans) - loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determined payments that are not quoted in an active market other than those that the fund intends to sell in the short term or that is designated as at fair value through the statement of changes in net assets and funds. Loans and receivables are measured at fair value.

Debentures

Debentures comprise investments in listed and unlisted debentures.

Listed debentures

The fair value of listed debentures traded on active liquid markets is based on regulated exchange quoted ruling closing prices at the close of business on the last trading day on or before the statements of net assets and funds date.

Unlisted debentures

Unlisted debentures are financial assets with fixed or determinable payments and fixed maturity. Fair value is estimated using pricing models or by applying appropriate valuation techniques such as discounted cash flow analysis or recent arm's length market transactions in respect of the unlisted debentures.

Bills and bonds

Bills and bonds comprise investments in government or provincial administration, local authorities, participating employers, subsidiaries or holding companies and corporate bonds.

Listed bills and bonds

The fair value of listed bills and bonds traded on active liquid markets is based on regulated exchange quoted ruling closing prices at the close of business on the last trading day on or before the statements of net assets and funds date.

Unlisted bills and bonds

A market yield is determined by using appropriate yields of existing bonds and bills that best fit the profile of the instrument being measured and based on the term to maturity of the instrument. Adjusting for credit risk, where appropriate, a discounted cash flow model is then applied, using the determined yield, in order to calculate the fair value.

1.3.1. Investments (continued)

Investment property

A property held for long-term yields or capital appreciation that is not occupied by the fund is classified as an investment property. Investment properties comprise investments in commercial properties. Investment properties are carried at fair value

Investment properties are reflected at valuation on the basis of open-market fair value at the statement of net assets and funds date. If the open-market valuation information cannot be reliably determined, the fund uses alternative valuation method such as discounted cash flow projections or recent prices on active markets for transactions of similar nature. The fair values are the estimated amounts for which a property could be exchanged on the date of valuation between a willing buyer and a willing seller in an arm's length transaction.

The open-market fair value is determined annually by independent professional valuators.

Changes in fair value are recorded by the fund in the statement of changes in net assets and funds.

Equities

Equity instruments consist of equities with primary listing on the Johannesburg Stock Exchange, equities with secondary listing on the Johannesburg Stock Exchange, foreign listed equities and unlisted equities.

Equity instruments designated as fair value through the statement of changes in net assets and funds by the fund are initially recognised at fair value on trade date.

Listed equities

Equity instruments are subsequently measured at fair value and the fair value adjustments are recognised in the statement of changes in net assets and funds. The fair value of equity instruments with standard terms and conditions and traded on active liquid markets is based on regulated exchange quoted ruling closing prices at the close of business on the last trading day on or before the statements of net assets and funds date.

Unlisted equities

If a quoted closing price is not available i.e. for unlisted instruments, the fair value is estimated using pricing models, or by applying appropriate valuation techniques such as discounted cash flow analysis or recent arm's length market transactions in respect of equity instruments.

Preference shares

Listed preference shares

The fair value of listed preference shares traded on active liquid markets is based on regulated exchanged quoted ruling closing prices at the close of business on the last trading day on or before the statement of net assets and funds date.

Unlisted preference shares

In respect of unlisted preference shares, the fair value is determined by applying appropriate valuation techniques such as discounted cash flow analysis or recent arm's length market transactions in respect of preference shares.

Insurance policies

Non-linked insurance policies

Non - linked insurance policies with insurers are valued on the basis of the policyholder's retrospective contribution to assets (i.e. accumulation at the actual investment return achieved on gross premiums.)

Linked or market-related policies

If the policy is unitised, the value is equal to the market value of the underlying units. Other linked or market-related policies are valued at the market value of the underlying assets for each policy, in line with the insurer's valuation practices.

Collective investment scheme

Investments in collective investment schemes are valued at fair value which is the quoted unit values, as derived by the collective investment scheme manager with reference to the rules of each particular collective investment scheme, multiplied by the number of units.

Investment in participating employers

Investments in participating employer(s) comprise loans, investments in listed and unlisted equities and other investments. Refer to respective policies for basis of accounting.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED THURSDAY, DECEMBER 31, 2020

1.3.2. Housing loans

Housing loans are measured at fair value. Housing loans are derecognised when the right to receive cash flows from the member has expired or been transferred and the fund has also transferred substantially all risks and rewards of ownership.

1.3.3. Accounts receivable

Accounts receivable are financial assets measured initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for impairment.

1.3.4. Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less. Cash and cash equivalents are measured at fair value.

1.3.5. Accounts payable

Accounts payable are financial liabilities measured initially at fair value, net of transaction costs that are directly attributable to the liability and subsequently measured at amortised cost using the effective interest rate method.

1.4. RESERVES

Reserve accounts comprise particular amounts of designated income and expenses as set out in the rules of the fund and are recognised in the year in which such income and expenses accrue to the fund.

1.5. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions

Provisions are recognised when the fund has a present legal or constructive obligation as a result of past events, for which it is probable that an outflow of economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Where the effect of discounting to present value is material, provisions are adjusted to reflect the time value of money.

Contingent liabilities

A contingent liability is not recognised in the statement of net assets and funds, but disclosed in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

Contingent assets

A contingent asset is not recognised in the statement of net assets and funds, but disclosed in the notes to the financial statements when an inflow of economic benefits is probable.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED THURSDAY, DECEMBER 31, 2020

1.6. CONTRIBUTIONS

Contributions are measured at the fair value of the consideration received or receivable.

Contributions are accrued and recognised as income in accordance with the actuarial recommendations, and the rules of the retirement fund. Contributions received are apportioned between retirement funding and funding for risk and other expenses. The apportionment is governed by the rules of the fund and actuarial recommendations.

Voluntary contributions are recognised when they are received from annual payments or accrued where monthly recurring payments are made.

Any contributions outstanding at the end of the reporting year are recognised as a current asset – contributions receivable. Any contributions received in advance at the end of the reporting year are recognised as a current liability – contributions payable.

Interest charged on late payment of contributions

Compound interest on late payments or unpaid amounts and values shall be calculated for the year from the first day of the month following the expiration for the year in respect of which the relevant amounts or values are payable or transferable until the date of receipt by the fund.

1.7. FOREIGN CURRENCIES

Transactions in foreign currencies are accounted for at the ruling rate of exchange on the transaction date. Assets and liabilities in foreign currencies are converted at the ruling rate of exchange on the statements of net assets and funds date.

Gains and losses on conversion are dealt with in the statement of changes in net assets and funds.

Income and expenditure relating to foreign investments are converted to South African currency at appropriate weighted average exchange rates for the period.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED THURSDAY, DECEMBER 31, 2020

1.8. INVESTMENT INCOME

Investment income comprises of dividends, interest and adjustment to fair value.

Dividends

Dividend income is recognised in the statement of changes in net assets and funds when the right to receive payment is established – this is the last date to trade for equity securities. For financial assets designated at fair value through the statement of changes in net assets and funds, the dividend income forms part of the fair value adjustment.

Interest

Interest income in respect of financial assets held at amortised cost is accounted for in the statement of changes in net assets and funds using the effective interest rate method.

Collective investment schemes' distribution

Distribution from collective investment schemes are recognised when the right to receive payment is established.

Income from policies with insurance companies

Income from investment policies issued by insurance companies is included in the adjustment to the movement of the financial asset.

Adjustment to fair value

Gains or losses arising from changes in the fair value of financial assets at fair value through the statement of changes in net assets and funds are presented in the statement of changes in net assets and funds in the year in which they arise.

Expenses incurred in managing investments

Expenses in respect of the management of investments are recognised as the service is rendered.

1.9. BENEFITS

Benefits payable and pensions are measured in terms of the rules of the fund.

Benefit payments and monthly pension payments are recognised as an expense when they are due and payable in terms of the rules of the fund. Any benefits not paid at the end of the reporting year are recognised as a current liability – benefits payable / due.

Reinsurance proceeds

Reinsurance proceeds are measured at the fair value of the consideration received or receivable and are accrued and recognised as income at the same time as the recognition of the related claim.

1.10. TRANSFERS TO AND FROM THE FUND

Section 14 and 15B transfers to or from the fund are recognised on the date of approval of the scheme/arrangement of transfer of business by the Financial Sector Conduct Authority, as contained in the approval certificate from the Registrar.

Individual transfers (Section 13A(5) transfers) are recognised on the earlier of receipt of the written notice of transfer (Recognition of Transfer) or receipt of the actual transfer value.

All the above transfers are measured at the values as per the section 14 application or the value of the transfer at effective date of transfer adjusted for investment return or late payment interest as guided by the application.

1.11. ADMINISTRATION EXPENSES

Expenses incurred in the administration of retirement funds are recognised in the statement of changes in net assets and funds in the reporting year to which they relate.

In the event that an expense has not been paid at the end of a reporting year, the liability will be reflected in the accounts payable note. If the expense was paid in advance or an overpayment occurred, the applicable amount will be disclosed under the accounts receivable note.

1,12. RELATED PARTIES

In considering each possible related-party relationship, attention is directed to the substance of the relationship and not merely the legal form.

If there have been transactions between related parties, the fund shall disclose the nature of the related party relationship as well as the following information for each related party relationship:

- · the amount of the transactions;
- · the amount of outstanding balances;
- their terms and conditions, including whether they are secured, and the nature of the consideration to be provided in the settlement;
- details of guarantees given or received;
- · provisions for doubtful debts related to the amount of outstanding balances; and
- the expense recognised during the year in respect of bad or doubtful debts due from related parties.

1.13. ACCOUNTING POLICIES, CHANGING IN ACCOUNTING ESTIMATES AND ERRORS

The fund applies adjustments arising from changes in accounting policies and errors prospectively. The adjustment relating to a change in the accounting policy or error is therefore recognised in the current and future years affected by the change.

1.14. LEASES

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement/agreement at the inception date. The arrangement is assessed for whether fulfilment of the arrangement is dependent on the use of a specific asset(s) or the arrangement conveys a right to use the asset(s), even if that right is not explicitly specified in the arrangement.

Operating lease payments made by the Fund are recognised as an administration expense on a straight line basis over the lease term in the Statement of Changes in Net Assets and Funds.

16. RISK MANAGEMENT POLICIES

Risk management framework

The Board of Fund has overall responsibility for the establishment and oversight of the fund's risk management policies. The Board of Fund has established the Audit, Risk Management and compliance Sub- Committee, which is responsible for developing and monitoring the fund's risk management policies. The committee reports regularly to the Board of Fund on its activities.

The fund's risk management policies are established to identify and analyse the risks faced by the fund, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the fund's activities.

Solvency risk

Solvency risk is the risk that the investment returns on assets will not be sufficient to meet the funds contractual obligations to members.

Continuous monitoring by the Board and the fund's actuary takes place to ensure that appropriate assets are held where the Fund's obligation to members is dependent upon the performance of specific portfolio of assets and that a suitable match of assets exists for all other liabilities.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED THURSDAY, DECEMBER 31, 2020

16. RISK MANAGEMENT POLICIES (continued)

· Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation, and cause the Fund to incur a financial loss.

The Board of trustees monitors receivable balances on an ongoing basis with the result that the Fund's exposure to bad debts is not significant. An appropriate level of provision is maintained.

Housing loan guarantees granted are secured by the after tax withdrawal benefit of the respective members on whose behalf the guarantees were granted. The amount of the guarantee may not exceed 60% of the fund credit of the respective members. Housing loan guarantees granted are renewed annually to ensure that the general terms and conditions are still applicable.

The Fund's assets are only invested through investment managers who are Financial Advisory and Intermediary Services compliant. The Fund's investment mandate stipulates that the investment manager should monitor the risks associated with the Fund's investments on a regular basis.

Credit risk is managed by the Fund's outsourced investment managers by investing in well-researched institutions and within the parameters of the investment manager must report annually on the steps taken to identify and manage the credit risk, in terms of the Fund's Risk management policy.

Legal risk

Legal risk is the risk that the fund will be exposed to contractual obligations which have not been provided for. Legal representatives of the fund monitor the drafting of contracts to ensure that rights and obligations of all parties are clearly set out.

· Cash flow risk

Cash flow risk is the risk that future cash flows associated with monetary financial instrument will fluctuate in amount. In the case of a floating rate debt instrument, for example, such fluctuations result in a change in the effective interest rate of the financial instrument, usually without a corresponding change in its fair value.

The Board of trustees monitors cash flows by using monthly cash flow projections.

Currency risk

Currency risk is the risk that the value of an instrument will fluctuate in Rand's owing to changes in foreign exchange rates. The fund's exposure to currency risk is mainly in respect of foreign investments made on behalf of members of the fund for the purpose of seeking desirable international diversification of investments.

The board of trustees monitors this aspect of the fund's investments and limits it to 25% of total assets.

Liquidity risk

Liquidity risk is the risk that the fund will encounter difficulty in raising funds to meet commitments associated with financial instruments.

The fund's liabilities are backed by appropriate assets and it has significant liquid resources.

As at 31 December 2020, the current liabilities of the Fund exceeded the current assets by R 930 million (2019: R 306 million). However, the Board of trustees has no reason to believe that the fund will not be able to meet its obligations as they arise based on the assets invested as at 31 December 2020 of R 28 836 701 584 (2019: R 28 420 162 874) which will be available on a trade-plus-three basis.

Market risk

Market risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices of market interest rates. The board of trustees monitors and reviews the market risk profile of the fund's financial instruments.

Investments

Investments in equities are valued at fair value and therefore susceptible to market fluctuations. Investments are managed with the aim of maximising the fund's returns while limiting risk to acceptable levels within the framework of statutory requirements.

Continuous monitoring takes place to ensure that appropriate assets are held where the liabilities are dependent upon the performance of specific portfolios of assets and that a suitable match of assets exists for all non-market related liabilities.

SCHEDULE HA NOTES TO THE ANNUAL FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED THURSDAY, DECEMBER 31, 2020

16. RISK MANAGEMENT POLICIES (continued)

Price risk

Price risk is the risk that the value and/ or future cash flows of a financial instrument will fluctuate as a result of changes in market prices. The notional amounts of certain types of financial instruments provide a basis for comparison with instruments recognised in the statement of changes of net assets and fund's, but do not necessarily indicate the fund's exposure to price risks.

Interest rate risk

Interest rate risk is the risk that the value and /or future cash flows of financial instruments will fluctuate as a result of changes in interest rates.

The Board of trustees manages interest rate risk through both fixed and variable, long and short term instruments.

17. RELATED PARTY TRANSACTIONS

The following transactions between the participating employer and the fund occurred during the period.

Ubank Ltd is an affiliated organisation to the fund and has an agreement with the fund. Ubank has issued loans to members of the fund through a housing loan guarantee scheme and the balance outstanding is R 456 231 as at 31 December 2020. The fund terminated the housing loan facility effective 05 January 2015 for new applications. Refer to note 4 of the annual financial statements.

Report of the Valuator

For the year ended 31 December 2020

- 1. The last statutory actuarial valuation of the Fund was as at 31 December 2018 ("the statutory valuation date"), where the Fund was determined to be in a financially sound position with:
 - (a) Market value of net adjusted assets amounting to R28 526 084 108;
 - (b) Unclaimed Benefits amounting to R3 194 280 701;
 - (c) Benefits Payable amounting to R1 250 607 711;
 - (d) Member Accounts amounting to R20 062 709 533;
 - (e) Excess to be distributed to members amounting to R650 166 392; and
 - (f) Contingency Reserves of R3 368 319 771.
- 2. The methods of determining the values of liabilities and reserves as well as the changes thereof are as follows:
 - (a) Assets are taken at fair market value, including property, plant and equipment as well as net current assets:
 - (b) Member Fund Credits are opening balances plus contributions accumulated with Fund returns; and
 - (c) The Contingency Reserve comprises of the Investment Reserve and the Risk Reserve. The Investment Reserve provides for Data Errors and Processing Errors, which are targeted at 1.50% and 0.75% of Members Fund Credits respectively (i.e. a total of 2.25%). The Risk Reserve accumulates with net contributions, investment returns less benefits paid and expenses.
- 3. I have reviewed the build-up of the Fund's liability and reserve accounts as at 31 December 2020 on the basis that the investment return allocation to Unclaimed Benefits and Benefits Payable has been verified. The balance of the Investment Reserve after unallocated returns is R698 297 037, being 2.76% of Member Funds, compared to a target of 2.25%.
- 4. I am satisfied that the assets of the Fund are sufficient to cover the member liabilities and still establish appropriate levels of contingency reserves. The Fund therefore remains in a financially sound position as at the reporting date.

REPORT OF THE INDEPENDENT AUDITORS OF MINEWORKERS PROVIDENT FUND OF FACTUAL FINDINGS TO THE BOARD OF FUND AND THE FINANCIAL SECTOR CONDUCT AUTHORITY

We have performed the procedures agreed with the Financial Sector Conduct Authority (the "Authority") and set out below with respect to the audited financial statements ("annual financial statements") and other information in the general ledger and management information comprising the accounting records of the Mineworkers Provident Fund (the "Fund") for the year ended 31 December 2020. Our engagement was undertaken in accordance with the International Standard on Related Services (ISRS) 4400 Engagements to perform agreed-upon procedures regarding financial information. Our procedures were performed solely to assist the Authority in evaluating whether any instances of non-compliance with the requirements of the relevant sections of the Pension Funds Act of South Africa (the Act), regulations and rules of the Fund were identified. The responsibility for determining the adequacy or otherwise of the procedures agreed to be performed, is that of the Authority.

Procedures and findings

Our procedures performed are set out in the numbered paragraphs (not bold) in the attached table, which forms part of our report, together with our findings thereon. Unless otherwise indicated, all balances, lists, schedules etc. referred to in the table relate to the accounts/balances reflected in the annual financial statements of the Fund for the year ended 31 December 2020.

Because the procedures do not constitute an audit, a review or other assurance engagement performed in accordance with the IAASB's International Standards we do not express any assurance. Had we performed additional procedures, or had we performed an audit, a review, or other assurance engagement, other matters might have come to our attention that would have been reported.

Restriction on use and distribution

Our report is solely for the purpose set out in the first paragraph of this report and for the information of the Authority and accordingly may not be suitable for any other purpose and distributed to other parties. This report relates only to the information specified and does not extend to the annual financial statements of the Fund taken as a whole.

Procedures and Findings

Our procedures and the corresponding findings thereon are summarised in the table below:

1	Procedures Statement of Net Assets and Funds Investments	Findings
1.1	Inspect the list of investment balances reflected in the general ledger of the Fund as at 31 December 2020 for any investments in accordance with the terms of section 19(4) of the Act.	We found that the fund does not hold investments prohibited in terms of section 19(4) of the Act.
1.1.1	Agree details of the written confirmations obtained from the investment managers/insurers to the investment balances reflected in the general ledger.	We found that the details of the written confirmations obtained from the investment managers/insurers agreed to the investment balances reflected in the general ledger.
1.1.2	Where investments held in the participating employer exceed 5% of the total assets as reflected in the financial statements, inspect the appropriate approval of the Authority.	We found that investments held in the participating employer did not exceed 5% of the total assets as reflected in the financial statements.
1.2	Obtain the signed investment policy statement and, where applicable, the portfolio management agreement/investment mandate between the Fund and the investment administrator(s), and perform the following procedures on a sample of 10 mandates (comprising the 3 largest by value of investments at year end and 7 other randomly selected mandates):	
1.2.1	Inspect whether the underlying investments are in compliance with the signed investment policy statement and, where applicable, the portfolio management agreement/investment mandate.	We found that the underlying investments were in compliance with the signed investment policy statement.
1.2.2	Inspect whether the investment mandate and the investment policy statement provide for securities lending transactions and investments in hedge funds, private equity funds and derivatives, as prescribed.	We inspected the investment mandate and the investment policy statement, we found that it did not provide for securities lending transactions. The investment mandate provides for investments in hedge funds, private equity funds and derivatives, as prescribed.
1.2.3	Inspect whether the collateral and counterparty requirements as prescribed are complied with.	Not applicable to the fund.
1.2.4	For segregated portfolios, confirm directly with the investment administrator(s): (a) whether scrip lending took place during the year and, if so, (b) whether there was collateral provided by the counterparty/(ies) for any scrip lending activities and, if so, (c) the percentage exposure covered by the collateral. Report on the amount for a).	The direct confirmations received from the investment administrator(s) indicated that: (a) Scrip lending did not take place during the year, (b) Not applicable (c) Not applicable

2	Procedures Member individual accounts (defined contributions funds as well as defined contribution section of hybrid funds)	Findings
2.1	Obtain a list of member individual accounts as reflected on the Statement of Net Assets and Funds as at 31 December 2020.	
2.2	Selected a random sample of the lesser of 50 or 10% of the number of members from the list of members and performed the following procedures:	
2.2.1	Compare the member and employer contributions received and allocated for the members selected as reflected on the administrator's system, to information supplied by the participating employers for those members selected, for a randomly selected period of three months.	We found that the member and employer contributions received and allocated for the members selected as reflected on the administration system agreed to the information supplied by the participating employers for the months of March 2020, May 2020 and December 2020.
2.2.2	Compare the member and employer contribution rates for the members selected as reflected on the administrator's system, to the rules of the Fund, for a randomly selected period of three months.	We found that the member and employer contribution rates for the members selected, as reflected on the administrator's system, agreed to the Rules of the Fund for the months of March 2020, May 2020 and December 2020.
2.2.3	In respect of unitised investment products, for the three months selected in 2.2.1 and 2.2.2, calculated the conversion of the contributions at the unit price per the administration system on the dates that the contributions were invested and compared the units recalculated to the administration system units for the selected members. Inspected that the units were added to the existing units for that member.	We found that the conversion of contributions into units was calculated correctly and agreed to the units on the administration system. The units were added to the existing units for that member.
2.2.4	In respect of unitised investment products, calculate the conversion of units at the end of the year, at the year-end unit price per the administration system and agree the calculated amount to the member's fund credit amount recorded in each member's record.	We found that the conversion of the units was calculated correctly and agreed to the amount recorded in each member's record on the member's register.
2.2.5	In respect of unitised investment products, compare the unit price(s) as per investment manager/actuary/other authorised party at the year-end to the unit prices on the administration system used to calculate each member's credits at 31 December 2020.	We found that unit price(s) agreed to the unit prices on the administration system at 31 December 2020.
2.2.6	In respect of non-unitised investment products, compare the interim and/or final return allocated to each individual member's account in the administrator's records for the year under review to the return approved in accordance with a resolution of the Board of Fund or the rules of the Fund or approved recommendation by the investment consultant/asset manager/fund valuator.	Not applicable as the Fund is unitised.

	Procedures	Findings
2.3	Obtained a list of members who switched investment portfolios during the year from the Fund/administrator, selected a random sample of the lesser of 50 or 10% of members who switched between investment portfolios during the year, and performed the following procedures:	
2.3.1	Inspect evidence that the portfolios were switched in accordance with notification of the member's instruction/ investment strategy (including life stage models) of the Fund and within a timeframe as specified in the service level agreement or client mandate between the administrator and the Fund.	Not applicable to the Fund as there were no member switches.
2.3.2	Inquire as to whether any fees relating to switches were deducted, and if so, inspect evidence of the approval by the Board of Fund and/or in terms of a service level agreement or client mandate.	Not applicable to the Fund as there were no member switches.
2.4	For investment products obtain the Asset Liability Match (ALM) reconciliation per investment portfolio, excluding the reserve accounts, for member individual accounts from the administrator, and perform the following procedures:	
2.4.1	Compare the investments per product on the ALM reconciliation to the investment certificates in total.	We found that the investments per product agreed to the investment certificates in total.
2.4.2	Compare the member individual accounts on the ALM reconciliation per investment portfolio to the administration system and to the total member individual accounts as disclosed in the Statement of Net Assets and Funds.	We found that the member individual accounts on the ALM reconciliation per investment portfolio agreed to the administration system and to the total member individual accounts as disclosed in the Statement of Net Assets and Funds.
2.4.3	Inspect whether the total mismatch (in Rand) for all portfolios was within the range as prescribed by the Authority.	We found that the total mismatch (in Rand) for all portfolios was within the range as prescribed by the FSCA.
3	Accumulated funds (for defined benefit funds as well as defined benefit sections of hybrid funds)	
3.1	Selected a sample of the lesser of 50 or 10% of the number of members from the list of members provided by the administrator and performed the following procedures for each member selected:	
3.1.1	Compare the member contributions received and allocated for the members selected as reflected on the administrator's system, to information supplied by the participating employers for those members selected, for a randomly selected period of three months.	Not applicable to the Fund.
4	Surplus apportionment scheme	
4.1	If a surplus apportionment scheme was approved by the Authority in the current year or if allocation and/or payments to members were made during the year, perform the following procedures:	

	Procedures	Findings
4.1.1	Active members: Selected a random sample of the lesser of 50 or 10% of number of active members to whom surplus has been apportioned in the approved surplus apportionment scheme and performed the following procedures:	Not applicable as no surplus apportionment was approved by the Financial Sector Conduct Authority for the reporting period.
4.1.1.1	Agree the original surplus amount allocated to the selected member to the individual allocation on the member records per the administration system.	Not applicable as no surplus apportionment was approved by the Financial Sector Conduct Authority for the reporting period.
4.1.1.2	Inspect whether the calculation of the relevant investment return from surplus apportionment date to date of allocation was in accordance with the requirements of the Act and allocated to the member records in the administration system.	Not applicable as no surplus apportionment was approved by the Financial Sector Conduct Authority for the reporting period.
4.1.2	Former members and pensioners: Selected a random sample of the lesser of 50 or 10% of number of former members and pensioners as defined by the surplus apportionment scheme from the surplus schedules attached to the approved surplus apportionment scheme and performed the following procedures:	
4.1.2.1	Agree the original surplus amount allocated to the selected member and/or pensioner to the individual allocation on the member records per the administration system.	Not applicable as no surplus apportionment was approved by the Financial Sector Conduct Authority for the reporting period.
4.1.2.2	Inspect whether the calculation of the relevant investment return from surplus apportionment date to date of allocation was in accordance with the requirements of the Act and allocated to the member records in the administration system.	Not applicable as no surplus apportionment was approved by the Financial Sector Conduct Authority for the reporting period.
4.1.2.3	Agree the total of the amount calculated in 4.1.2.1 and 4.1.2.2 to the surplus benefit paid per selected member and to the applicable amount per the administration system and other authorised supporting documentation.	Not applicable as no surplus apportionment was approved by the Financial Sector Conduct Authority for the reporting period.
5	Member and employer surplus accounts	
5.1	Obtain the analysis of the transactions in the member and/or employer surplus account per the annual financial statements, and perform the following procedure:	
5.1.1	Inspect that the transactions are permitted in terms of the registered rules of the Fund and/or the Act.	Not applicable as the Fund does not have member or employer surplus accounts.
6	Reserves	
6.1	Obtain the list of reserves and other related accounts (e.g. pensioner accounts) and the movements per the financial statements and/or in the actuarial valuation, and perform the following procedures:	

	Procedures	Findings
6.1.1	Inspect whether the reserve and other related accounts (e.g. pensioner accounts) held by the Fund and/or reflected in the actuarial valuation are in accordance with the registered rules of the Fund.	We found that the reserve and other related accounts held by the Fund and/or reflected in the actuarial valuation are in accordance with the registered rules of the Fund.
6.1.2	Inspect that the movements in reserves as disclosed in the annual financial statements are permitted in terms of the registered rules of the Fund and/or the Act.	We found that the movements in reserves as disclosed in the annual financial statements are permitted in terms of the registered rules of the Fund and/or the Act.
7	Other assets, liabilities and guarantees	
7.1	Obtain the list of housing loans granted to members by the Fund in terms of section 19(5) of the Act as at 31 December 2020, and perform the following procedure:	
7.1.1	Agree the total housing loans on the above list to the corresponding account in the annual financial statements.	Not applicable as the Fund does not grant housing loans.
7.2	From the list in 7.1, randomly selected a sample of the lesser of 50 or 10% of the number of members' housing loans granted and performed the following procedures:	
7.2.1	Inspect evidence that the value of the housing loan provided does not exceed the amount permitted by the rules and the home loan agreement.	Not applicable as the Fund does not grant housing loans.
7.2.2	Inspect evidence that the housing loan has been granted in terms of Section 19(5) (a).	Not applicable as the Fund does not grant housing loans.
7.2.3	Inspect evidence that repayments are being made in accordance with the housing loan agreement.	Not applicable as the Fund does not grant housing loans.
7.2.4	Inspect the interest charged on the outstanding housing loan and compare the rate used to the prescribed rate.	Not applicable as the Fund does not grant housing loans.
7.2.5	If the Fund issued more than 100 housing loans or the total principal debt of all outstanding loans exceeded R500 000, inquire whether the Fund was registered as a credit provider under the National Credit Act, 2005 (the NCA).	Not applicable as the Fund does not grant housing loans.
7.3	Obtained the list of housing loan guarantees and selected a sample of the lesser of 50 or 10% of the number of housing loan guarantees and performed the following procedures:	

		Phylines
7.3.1	For the sample selected, determine that each selected housing loan guarantee did not exceed the gross value of the benefit that the member would become entitled to had they withdrawn, as at the year end, in terms of the Act, the loan agreement and/or the rules of the Fund.	Findings We found that each selected housing loan guarantee issued did not exceed the gross value of the benefit that the member would become entitled to had they withdrawn, as at the end of the period, in terms of the Act, the loan agreement and /or the Rules of the Fund.
7.3.2	Inspect evidence that the housing loan guarantee has been granted in terms of Section 19(5) (a).	We found that the housing loan guarantees were granted in terms of section 19(5) (a).
7.4	Obtain a list of other loans per the general ledger of the Fund as at 31 December 2020 and perform the following procedure:	
7.4.1	Confirm that no loans were granted and/or investments made as prohibited in terms of section 19(5)B.	Not applicable as there were no other loans that were granted in terms of the requirements of section 19 (5)B.
8	Statement of Changes in Net Assets and Funds Contributions	
8.1	Selected a sample of the lesser of 50 or 10% of the number of participating employers from a list of participating employer supplied by the Fund/administrator and performed the following procedures:	
8.1.1	Compare, in total, the contributions received by or on behalf of the Fund to the remittance advices from the participating employer/paypoint.	We found that the contributions received by or on behalf of the Fund agreed to the remittance advice from the participating employer/pay-point.
8.1.2	Inspect the bank statements for the date on which the cash was received to determine whether the contributions were deposited with a registered bank in accordance with section 13A of the Act and whether late payment interest has been raised in terms of regulation 33, where applicable.	We found that the contributions were deposited with a registered bank in accordance with section 13A of the Act and late payment interest has been raised in terms of regulation 33, where applicable.
8.2	Selected a sample of the lesser of 50 or 10% of the number of participating employers which reflect arrear contributions at year-end from a list supplied by the Fund/administrator and performed the following procedure:	

	Procedures	Findings
8.2.1	Inspect the accounting records of the Fund to determine whether amounts disclosed as arrear contributions at year-end have been paid to the Fund within the prescribed period in accordance with the requirements of section 13A of the Act. Where the amounts were received after the prescribed period, report the date of receipt and where they were not received, indicate as such.	We inspected the accounting records of the Fund and we found that the amounts disclosed as arrear contributions at year end have not been paid to the Fund within the prescribed period in accordance with the requirements of section 13A. The arrear contributions for Empire Piping for the month of December 2020, was received on the 8 th of March 2021.
9	Benefits	
9.1	Obtain a list from the administration system of lump sum benefits reflected as expenses in the Fund's Statement of Changes in Net Assets and Funds for the year under review and perform the following procedure:	
9.1.1	Compare the list to the respective general ledger benefit expense accounts reconciliation.	We found that the list agreed to the respective general ledger benefit expense accounts reconciliation.
9.2	Selected a sample of the lesser of 50 benefits or 10% of the total number of benefits from the list and performed the following procedures:	
9.2.1	Compare the benefit per selected member to the administration system and authorised supporting documentation in accordance with the procedures of the Fund.	We found that the benefit paid agreed to the administration system and authorized supporting documentation in accordance with the procedures of the Fund.
9.2.2	For death benefits, where a portion of the benefit had been reinsured by the Fund, inspect a bank deposit or an accrual raised for the recovery from the insurer.	For a sample of death benefits selected, we found that an accrual was raised for the recovery from the insurer.
9.2.3	For a defined benefit fund and hybrid funds with a defined benefit underpin Inspect that the calculation of the benefit payment was done by the actuary in accordance with the requirements of the rules of the Fund and/or the Act. For a defined contribution fund Agree the opening fund credit for the member to the opening fund credit report and determine whether contributions were added every month until the date of exit (either by Rand amount or in the case of unitised funds, by units). Agree the balance paid out to the member (inclusive of late payment interest where applicable) to the fund credit report or administration system as at the date of exit.	For a defined benefit fund and hybrid funds with a defined benefit underpin Not applicable as the Fund is structured as a defined contribution Fund. For a defined contribution fund We found that the opening fund credit for the member agreed to the opening fund credit report and contributions were added every month until the date of exit. The balance paid out to the member (inclusive of late payment interest where applicable) agreed to the fund credit report or administration system as at the date of exit.

	Procedures	Findings
9.3	Obtained a list of all benefits not yet paid at year-end, selected a sample of the lesser of 50 benefits or 10% of the total number of benefits from the list and performed the following procedures:	
9.3.1	Agree whether the benefits that are older than the period as set out in the Act or a shorter period defined by the Rules are classified as unclaimed benefits.	We found that the benefits that were older than the period as set out in the Act or a shorter period defined by the Rules were classified as unclaimed benefits.
10	Transfers	
10.1	Compare the list of total section 14 transfers to and from the Fund to the corresponding accounts in the general ledger.	We found that the list of total section 14 transfers to and from the Fund agree to the corresponding account in the general ledger. No exceptions noted.
10.2	From the list of section 14 transfers paid/received and accrued to and from the Fund throughout the year select a sample of the lesser of 50 or 10% of the number of transfers in and the lesser of 50 or 10% of the number of transfers out, and perform the following procedures:	
10.2.1	Agree the sample of section 14 transfers to and from the Fund to: a) the section 14(1) documentation as approved by the Authority in respect of each transfer; and/or b) the section 14(8) documentation as prescribed.	We found that for a sample of section 14 transfers to the Fund agreed to the section 14(1) documentation as prescribed.
10.2.2	Inspect whether the transfers to and from the Fund were received/paid within 60 days of Authority approval for section 14(1) transfers and 180 days from application date for section 14(8) transfers and whether the growth and investment return had been allocated from the effective date of the transfer to the date of final settlement.	We found that the transfers were received/paid within 60 days of Registrar approval for section 14(1) transfers except for – Transferring Date Payment Number approved date of days by the FSCA OM 01 Feb 22 May 111 2020
10.2.3	In respect of unitised funds, selected a sample of the lesser of 50 or 10% of the number of members transferred from other funds and recalculated the purchase of units for the amount received using the unit price per the administration system on the date of receipt. (Where units were purchased after date of receipt, investment return was added from the date of receipt to the date of purchase).	We found that the amount received was calculated at the correct unit price at the date of receipt of the transfer.

	Procedures	Findings
10.3	Individual transfers	
TO THE PARTY OF TH	Obtain the list of individual transfers throughout the year ended 31 December 2020, select a sample of the lesser of 50 or 10% of the number of individual transfers, and perform the following procedures:	
10.3.1	Agree the transfers to the approved recognition of transfer documentation.	Not applicable as there were no individual transfers for period under review.
10.3.2	For individual transfers in selected In respect of unitised funds, recalculate the purchase of units for the amount received using the unit price per the administration system on the date of receipt. (Where units were purchased after date of receipt investment return was added from the date of receipt to the date of purchase).	Not applicable as there were no individual transfers for period under review.
11	Pensioners paid	
11.1	Obtain a copy of the list of pensioners and amounts paid for the year from the administration system and/or, for outsourced pensioners, confirmation from the insurer and perform the following procedure:	
11.1.1	Agree the total pensions paid for the year ended 31 December 2020 to the corresponding account reconciliation to the general ledger balance.	Not applicable as there were no pensioners.
11.2	Select a sample of the lesser of 50 or 10 % of the number of pensioners paid directly from the fund from the above list and perform the following procedures:	
11.2.1	Inspect the pensioner increases for authorisation by the Board of Fund.	Not applicable as there were no pensioners.
11.2.2	Inspect evidence obtained by the administrator/Fund supporting the fact that the pensioners selected exist.	Not applicable as there were no pensioners.
11.3	Where the Fund has purchased an annuity in the name of the Fund, obtain a written confirmation from the annuity provider summarising movements from opening market value to closing market value and perform the following procedures:	
11.3.1	Agree the closing market value of the annuity to the annual financial statements.	Not applicable as there were no pensioners.
11.3.2	Agree the pensioner payment per the confirmation from the insurer to the pensions paid disclosed in the notes to the annual financial statements.	Not applicable as there were no pensioners.

	Procedures General	Findings
12.1	Inspect evidence that the Fund's fidelity insurance cover was in place throughout the year ended 31 December 2020, that the Fund's fidelity insurance cover extends after year-end and report the date to which the subsequent fidelity insurance cover extends.	The Fund's fidelity insurance cover was in place throughout the year ended 31 December 2020. The Fund's fidelity insurance cover was extended after 31 December 2020. The subsequent fidelity insurance cover extended from 1 January 2021 to 31 December 2021.
12.2	Confirm with the Fund's GLA insurer as to whether the GLA policy has lapsed at year ended 31 December 2020.	We found that the Fund self-insured for GLA benefits effective 01 January 2020. Per inspection of the confirmation, we found that the GLA policy has not lapsed at year ended 31 December 2020 for death claims prior to 01 January 2020.
12.3	Obtain the most recent statutory valuation as at 31 December 2018 signed and submitted by the valuator and perform the following procedures:	
12.3.1	Report the funding status of the Fund per the report (whether the Fund was under-funded or fully funded).	We found that the Fund per the report was fully funded.
12.3.2	Where the Fund is under-funded, obtain evidence as to whether a scheme, as required in terms of section 18 of the Act in South Africa, has been approved by the Authority.	Not applicable as we found that the Fund is fully funded.

Limited exceeded in terms of Regulation 28(3)(a) read together with section 19(4) of the Pension Fund Act.

We draw your attention to item 6(a) under category of assets of Schedule IB which indicates that the aggregate exposure to assets invested in participating employers, expressed as a percentage of 6.83% to total assets for regulation 28 exceeded the maximum allowable percentage prescribed by Regulation 28(3)(a) read together with section 19(4) of the Pension Fund Act. This limit was exceeded due to the calculation methodology used for regulation 28 purposes in that the total assets excluding compliant investment is used instead of total fair value of assets. In summary, the Fund's investment in participating employers has not been exceeded when applied to the total fair value of assets as at 31 December 2020.

SCHEDULE IB

MINEWORKERS PROVIDENT FUND Registration number: 12/8/23053

Independent Auditor's Reasonable Assurance Report on Assets Held in Compliance with Regulation 28 of the Pension Funds Act No. 24 of 1956, as amended to the Board of Fund of Mineworkers Provident Fund

Report on Compliance of Schedule IB with Regulation 28 of the Act

We have undertaken our engagement in accordance with Section 15 of the Pension Funds Act No. 24 of 1956, as amended (the Act) in order to provide the Board of Fund of Mineworkers Provident Fund (the Fund) with a reasonable assurance opinion that Schedule IB "Assets held in compliance with Regulation 28" (the Schedule) on pages 73 to 82 at 31 December 2020 is prepared in all material respects in accordance with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) of the Act, and the Fund has complied, in all material respects, with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) as at 31 December 2020 .

The Board of Fund's responsibility for the Schedule

The Board of Fund is responsible for ensuring that the Schedule is prepared in accordance with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) and for compliance of the Fund with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9). This responsibility includes the design, implementation and maintenance of internal controls relevant to the preparation of the Schedule that is free from material misstatement, whether due to fraud or error.

Our Independence and Quality Control

We have complied with the independence and other ethical requirements of the Code of Professional Conduct for Registered Auditors issued by the Independent Regulatory Board for Auditors (IRBA Code), which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards).

The firm applies the International Standard on Quality Control 1 and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

SCHEDULE IB

MINEWORKERS PROVIDENT FUND Registration number: 12/8/23053

Independent Auditor's Reasonable Assurance Report on Assets Held in Compliance with Regulation 28 of the Pension Funds Act No. 24 of 1956, as amended to the Board of Fund of Mineworkers Provident Fund (Continued)

Auditor's Responsibility

Our responsibility is to express an opinion on whether the Schedule is prepared in accordance with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) and whether the Fund complies with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) based on performing a reasonable assurance engagement.

We performed our reasonable assurance engagement in accordance with the International Standard on Assurance Engagements 3000 (Revised), Assurance Engagements Other than Audits or Reviews of Historical Financial Information (ISAE 3000 (Revised)) issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform this engagement to obtain reasonable assurance about whether the Schedule is prepared in accordance with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) and whether the Fund complies with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9).

A reasonable assurance engagement in accordance with ISAE 3000 (Revised) involves performing procedures to obtain sufficient appropriate evidence that the Schedule is prepared in accordance with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) and that the Fund complies with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9). The nature, timing and extent of procedures selected depend on the auditor's judgement, including the assessment of the risks of non-compliance with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9), whether due to fraud and error. In making those risk assessments we consider internal control relevant to the engagement in order to design procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.

Summary of work performed

We completed our audit of the annual financial statements of the Mineworkers Provident Fund for the year ended 31 December 2020, prepared in accordance with the Regulatory Reporting Requirements for Retirement Funds in South Africa, on which we issued an unqualified opinion on xxx May 2021. That audit was performed in accordance with International Standards on Auditing. Where appropriate, we have drawn on evidence obtained regarding information contained in the Schedule that has been extracted from the Fund's underlying accounting records that were the subject of our audit engagement on the annual financial statements and forms the subject matter of this engagement.

We have performed such additional procedures as we considered necessary which included:

- Evaluating whether confirmations from financial institutions are in support of the records made available to us;
- Inspecting the required documentation in terms of Regulation 28(8)(b) for investments excluded from total assets in terms of Regulation 28(8)(b));
- Evaluating whether the investments are classified correctly per the categories of Schedule IB based on information obtained about the nature of investments from the financial institutions;
- Recalculating the percentages of assets held in relation to total assets; and
- Comparing the percentages calculated to the prescribed limits.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our unqualified opinion.

Opinion

In our opinion, the Schedule IB "Assets held in compliance with Regulation 28" at 31 December 2020 is prepared in all material respects in accordance with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) of the Act, and the Fund has complied, in all material respects, with Regulation 28 (3)(a), (3)(c), (3)(e)-(j), (4), (8) and (9) as at 31 December 2020.

Independent Auditor's Reasonable Assurance Report on Assets Held in Compliance with Regulation 28 of the Pension Funds Act No. 24 of 1956, as amended to the Board of Fund of Mineworkers Provident Fund (Continued)

Emphasis of matter

We draw attention to the Note to Schedule IB which indicates that the aggregate exposure to investments in the business of a participating employer, expressed as a percentage of total assets for regulation 28 disclosure exceeded the maximum allowable percentage prescribed by Regulation 28(3) and section 19(4) of the Pension Funds Act No. 24 of 1956. As explained in the Note to the Schedule this limit was exceeded due to the use of total assets for regulation 28 disclosure instead of total assets as required by section 19(4) of the Pension Funds Act No. 24 of 1956. Our opinion is not modified in respect of this matter.

Restriction on use

Without modifying our opinion, we emphasise that Schedule IB is designed to meet the information needs of the Board of Fund for the purpose of reporting to the Financial Sector Conduct Authority (FSCA). As a result, our report is not suitable for another purpose. Our report is presented solely for the information of the Board of Fund for the purpose of reporting to the FSCA.
